Subject Index

A

Abdominal tuberculosis: tissue diagnosis, 143
Aboriginal children: health (Editorial), 5
  petrol abuse, 277
  prolonged hospitalization, 27
Aboriginal infants: incidence of low birthweight, 281
  mortality rate, 27
Abstracts: presented by the Australian College of Paediatrics May 1986, 231
  presented by the Human Genetics Society of Australasia, August 1985, 343
  presented by the Paediatric Research Society of Australia, May 1986, 329
Abuse: petrol; Aboriginal, 277
Acquired Immune Deficiency Syndrome: in children, 261
Adrenal hyperplasia: Cushing's syndrome, 139
Aerosols: effect of heated nebulized Salbutamol, 211
Agonists: bronchodilating effect; in asthmatics, 43
AIDS: in children, 261
Allotyping: juvenile chronic arthritis, 317
Anaemia: association with triose phosphate isomerase deficiency, 135
  incidence and associating factors in Chinese neonates, 215
Angiotensin converting enzyme: levels in sarcoidosis, 291
Antenatal care: of Aboriginal infants, 281
Anthropometry: of pre-adolescents, 177
Apnoea: 2 year outcome, 131
  responses to partial nasal obstruction, 111
Arousal: from sleep; association with SIDS and 'near-miss' SIDS, 111
Arthritis: juvenile chronic; an immunogenetic study, 317
Asthma: bronchodilating effect of oral β_2-agonists, 43
  child's perception of; objective and subjective assessment, 45
  effect of Vitamin A, 95
  hospitalization trends in Christchurch, NZ, 71
  in children; parent's knowledge, 49
  response to heated nebulization of Salbutamol, 211
  treatment methods (Editorial Comment), 1
At risk infants: definition and follow-up (Annotation), 83
Australia: circumcision, 225

B

Bedwetting: (Letter to the Editor), 228
Behaviour: Australian normative data for infant temperament, 185
  childhood depression (Annotation), 7
  petrol abuse in Aboriginals, 277
  sleep disorders in middle childhood, 31
  temperament (Annotation), 91
Bilirubin levels: in Chinese neonates with jaundice, 107, 215
Bilirubinometer: usefulness in screening for neonatal jaundice in Chinese, 107
Biotin: neurodegenerative disease, 65
Blood group: ABO; association with jaundice in Chinese neonates, 215
Body image: desire for slenderness, 121
Botulism: case report of an infant (Letter to the Editor), 228
Breast milk: comparison with formula feed, 199
Bronchodilator: Salbutamol; effect of heated nebulization, 211
  comparison of oral Fenoterol and Salbutamol, 43
  subjective and objective assessment of nebulized Salbutamol, 45

C

Carboxylase deficiency: biotin-reversible neurodegenerative disease, 65
Case report: Cushingoid adrenal hyperplasia in infancy, 139
  Kaposi's sarcoma, 301
  duodenal ulceration, 221
  triose phosphate isomerase deficiency, 135
  abdominal tuberculosis, 143
Catecholamine metabolites: in diagnosis of neural crest tumours, 313
Cerebral ultrasound: neonatal (Letter to the Editor), 227
Chemotherapy: stosstherapy, 127
Child health: global responsibility for (Annotation), 157
Childhood: Kaposi's sarcoma in PNG, 301
  depression (Annotation), 7
  drownings (Review), 161
  education for parents of asthmatics, 49
  sarcoidosis, 291
  self-monitoring of blood glucose; a comparison of methods, 309
Childhood: sleep problems, 31
  temperament (Annotation), 91
  therapeutic drug monitoring (Review), 19
Chinese neonates: prevalence of jaundice and associating factors, 215
  use of transcutaneous bilirubinometer, 107
Chlamydial infections: neonatal (Review), 13
Circumcision: Australian statistics, 225
Cleanliness: through handwashing (Annotation), 271
Colonoscopy: for abdominal tuberculosis, 143
Community control: Aboriginal child health (Editorial), 5
Community paediatrics: Community Outreach Program, 295
Congenital heart block: (Letter to the Editor), 327
Congenital heart disease: cardiac surgery in first year of life, 305
  psychological effects of; in Singapore, 101
Congenital hypothyroidism: (Annotation), 165
  in Hong Kong, 53
Cord blood: thyroid stimulating hormone levels; screening of congenital hypothyroidism, 53
Corticosteroids: for sarcoidosis, 291
Cow's milk protein; gastrointestinal hypersensitivity to, 37
Cross-infection: in newborn intensive care units (Annotation), 271
Cultural norms: Australian infant temperament, 185

Cushing's syndrome: in infancy, 139
Cystic fibrosis: screening, 264

D

Deficiency: of carboxylase in infancy, 65
of glucose-6-phosphate dehydrogenase in Chinese neonates, 215
of triose phosphate isomerase, 135
Dehydration: in hypertrophic pyloric stenosis, 193
Depression: childhood (Annotation), 7
Development: childhood; sleep disorders, 31
neurological; in neonates (Letter to the Editor), 227
of Down's syndrome children (Editorial Comment), 167, 171
of low birthweight apnoeic infants, 131
of premature and 'at risk' infants (Annotation), 83
of triose phosphate isomerase deficient children, 135
temperament (Annotation), 91
Diabetes mellitus Type 1: self-monitoring of blood glucose, 309
Diagnosis: of abdominal tuberculosis by colonoscopy, 143
of hypertrophic pyloric stenosis, 193
of milk hypersensitivity; gut function tests, 37
of neural crest tumours in children, 313
Down's syndrome: (Editorial Comment), 167
paediatric practices, 171
Drownings: childhood (Review), 161
Drugs: therapeutic monitoring (Review), 19
Duodenal atresia: a rare case study, 69
Duodenal ulceration: case reports, 221

E

Education: for parents of asthmatics, 49
in first aid for mothers, 57
Epidemic: *Serratia marcescens* in a newborn unit, 323
Exomphalos: mercurial solutions, 61

F

Failure to thrive: non-organic; associated with conservation-withdrawal reaction (Letter to the Editor), 327
weight gain after cardiac surgery, 305
Fenoterol: comparison with Salbutamol as treatment for asthma, 43
degree and duration of bronchodilation achieved, 43
Fertilization: children of *in vitro* pregnancies, 285
First aid: mothers' knowledge of, 57
Follow-up: of apnoeic low birthweight infants, 131
of premature and 'at risk' infants, 83
Formula feed: comparison with breast milk, 199

G

Gastrointestinal complications due to Tolazoline therapy, 221
Gastrointestinal milk hypersensitivity: gut function tests, 37
Glucose-6-phosphate dehydrogenase: deficiency in Chinese neonates, 215
Growth failure: associated with triose phosphate isomerase deficiency, 135
weight gain after cardiac surgery, 305
Growth: of preterm infants; comparison of feeding methods, 199
Gut colonization: with *Serratia marcescens*, 323

H

Haematocrit: effect on the TcB index, 107
Haemolytic anaemia: triose phosphate isomerase deficiency, 135
Handicap: 2 year outcome of apnoeic low birthweight infants, 131
mental; associated with triose phosphate isomerase deficiency, 135
Health care: for Aboriginal children (Editorial Comment), 5 (Annotation), 157
integration of community and hospital-based services, 295
of Aboriginal infants, 281
Heart block: congenital (Letter to the Editor), 327
Heart disease: congenital; psychological effects in Singapore, 101
in first year of life, 305
response to systemic vasodilator therapy, 117
Hepatitis B: (Review), 273
High Frequency Ventilation: therapeutic use in neonates (Annotation), 11
Holistic approach: Aboriginal child health care (Editorial), 5
Hong Kong: screening for congenital hypothyroidism, 53
Hospitalization: of Aboriginals, 27
trends in acute asthma admission (Letter to the Editor), 71
Hospitals: an expanding role, 295
Hospitals: undergraduate teaching (Annotation), 265
Hyperbilirubinaemia: in Chinese neonates, 215
Hypercalcaemia: sarcoidosis, 291
Hypersensitivity: to cow's milk protein, 37
Hypertrophic pyloric stenosis: (Letter to the Editor), 71
neonatal, 193
Hypothyroidism: congenital (Annotation), 165

I

Immunogenetic markers: for juvenile chronic arthritis, 317
In vitro fertilization: a study of children, 285
Infancy: Cushingoid adrenal hyperplasia, 139
Infant apnoea: association with sleep-state, 111
Infant botulism: case report (Letter to the Editor), 228
Infant mortality: global responsibility for (Annotation), 157
Infant temperament: development of Australian normative data, 185
Infants: premature and 'at risk'; follow-up (Annotation), 83
use of transcutaneous bilirubinometer, 107
Infection control: handwashing (Annotation), 271
Infection: *Chlamydia trachomitis* in infancy (Review), 13
Serratia marcescens in a newborn unit, 323
respiratory; effect of Vitamin A, 95

Intelligence: 2 year outcome of apnoeic low birthweight infants, 131
effect of sleep problems in middle childhood, 31
Intensive care unit: control of a *Serratia marcescens* epidemic, 323
infection control through handwashing (Annotation), 271
Intensive care: for neonates with periventricular haemorrhage, 207
for neonates with periventricular leukomalacia, 207

J

Jaundice: in Chinese neonates, 215
screening with the transcutaneous bilirubinometer, 107
triose phosphate isomerase deficiency, 135
Juvenile chronic arthritis: an immunogenetic study, 317

K

Kaposi's sarcoma: in PNG children, 301

L

Lactose: gastrointestinal hypersensitivity to, 37
Lateral chest radiography: for diagnosis of pneumonia, 299
Lead intoxification: Aboriginal petrol abuse, 27
Lennox Gastaut Syndrome: (Annotation), 269
Liver disease: pilot transplantation programme in Australia, 181
Longitudinal studies: Dunedin children with sleep problems, 31
Low birthweight infants: Aboriginal, 281
apnoea; 2 year outcome, 131
optimal diet for, 199
periventricular haemorrhage, 207
periventricular leukomalacia, 207
pulmonary interstitial emphysema, 189
Low cardiac output: response to systemic vasodilator therapy, 117
Lung disease: sarcoidosis, 291
Lung function: in pulmonary interstitial emphysema, 189
pre-adolescent, 177

M

Medical undergraduates: hospital teaching (Annotation), 265
Mental retardation: associated with triose phosphate isomerase deficiency, 135
in Down's syndrome (Editorial Comment), 167
paediatric management in Down's syndrome, 171
Mercury poisoning: through Mercurochrome, 61
Metabolic alkalosis: in hypertrophic pyloric stenosis, 193
Metabolic disorder: biotin-reversible neurodegenerative disease, 65
Milk: comparison of preterm breast milk and formula feed, 199
Monitoring: of blood glucose at home; a comparison of methods, 309
of therapeutic drugs (Review), 19
Mortality: infant; global responsibility for (Annotation), 157
of low birthweight Aboriginal infants, 281
Mothers: knowledge of first aid, 57
Myocardial disease: association with triose phosphate isomerase deficiency, 135
Myocardial output: response to systemic vasodilator therapy, 117

N

Nasal obstruction: responses to; in sleeping infants, 111
Neonates: Aboriginal mortality, 281
Cushing's syndrome, 139
Tolazoline therapy for pulmonary hypertension, 221
cerebral ultrasound and neurodevelopment (Letter to the Editor), 227
circumcision in Australia, 225
comparison of preterm milk and formula feed in low birthweight infants, 199
follow-up of premature and 'at risk' infants (Annotation), 83
infection with *Serratia marcescens*, 323
low birthweight Aboriginal, 281
low birthweight; periventricular haemorrhage, 207
low birthweight; periventricular leukomalacia, 207
low birthweight; pulmonary interstitial emphysema, 189
prevalence of jaundice and associating factors in Chinese, 215
response to systemic vasodilator therapy, 117
screening for congenital hypothyroidism in Hong Kong, 53
screening for jaundice, 107
sleep responses to partial nasal obstruction, 111
therapeutic use of High Frequency Ventilation (Annotation), 11
use of transcutaneous bilirubinometer, 107
Neuroblastoma: measurement of catecholamine metabolites, 313
Neurodegenerative disease: neonatal; biotin-reversible, 65
Neurodevelopment: use of neonatal cerebral ultrasound (Letter to the Editor), 227
New Zealand: trends in hospitalization for asthmatics, 71
Northern Territory: hospitalization of Aboriginals. 27
Nosocomial infection: *Serratia marcescens* in a newborn unit, 323

O

Obituary: Stanley William Williams, 75
Oral β_2-agonists: bronchodilating effect for asthma, 43
Organ transplantation: liver transplantation, 181

P

Paediatric management: Down's syndrome, 171
Papua New Guinea: childhood Kaposi's sarcoma, 301

Perinatal infections: *Chlamydia trachomatis* (Review), 13
Perinatal mortality: Aboriginal, 281
Periventricular haemorrhage: in extremely low birthweight infants, 207
neonatal cerebral ultrasound for (Letter to the Editor), 227
Periventricular leukomalacia: in extremely low birthweight infants, 207
Petrol abuse: Aboriginal, 277
Phototherapy: effect on the TcB index, 107
with the transcutaneous bilirubinometer, 107
Physical exercise capacity; pre-adolescent, 177
Pneumonia: diagnostic chest radiography, 299
Policy Statements from the Australian College of Paediatrics; AIDS, 261
screening for cystic fibrosis, 264
Pre-adolescence: sexual characteristics, 177
Preduodenal portal vein: association with duodenal atresia, 69
association with situs inversus, 69
Premature infants: follow-up (Annotation), 83
Prematurity and apnoeic episodes; 2 year outcome, 131
Preterm infants: optimal diet, 199
Psychology: effect of congenital heart disease in Singapore, 101
Pulmonary interstitial emphysema: in low birthweight infants, 189

R

Radiography: for suspected pneumonia, 299
Respiratory disorders: neonatal High Frequency Ventilation (Annotation), 11
Respiratory infections: effect of Vitamin A, 95
Respiratory loading: association with SIDS and 'near-miss' SIDS, 111
Respiratory syncytial virus: (Invited Review), 77
Risk status: definition and follow-up (Annotation), 83

S

Salbutamol: comparison with Fenoterol as treatment for asthma, 43
effect of heated nebulization, 211
subjective and objective assessment in asthma, 45
Sarcoidosis: in children, 291
Sarcoma: Kaposi's; in PNG children, 301
Screening: for congenital hypothyroidism; (Annotation), 165
for congenital hypothyroidism; in Hong Kong neonates, 53
for cystic fibrosis, 264
for neonatal jaundice, 107
Self-monitoring: of blood glucose; a comparison of methods, 309
Serum bilirubin: concentration in neonatal jaundice, 215
Serum electrolytes: in hypertrophic pyloric stenosis, 193
Sexually transmitted diseases: chlamydial infections (Review), 13
Singapore: congenital heart disease, 101
Sleep: problems in middle childhood, 31
arousal response to partial nasal obstruction, 111
Slenderness: desire for, 121
Social standard: of weight-for-height, 121
Sport: capabilities of pre-adolescents, 177
Stosstherapy: versus long-term therapy, especially chemotherapy, 127
Sudden Infant Death Syndrome: association with sleep-state, 111
Surfactants: for neonatal Respiratory Distress Syndrome, 147

T

TcB index: effect of phototherapy in Chinese neonates, 107
Teaching: in hospitals (Annotation), 265
Temperament: (Annotation), 91
Therapeutic drug monitoring: (Review), 19
Therapy: antiviral (Annotation), 87
for neonatal Respiratory Distress Syndrome, 147
phototherapy in Chinese neonates, 107
stosstherapy, 127
systemic vasodilator; neonatal, 117
Tolazoline therapy: neonatal, 221
Transplantation: of liver in children, 181
Triose phosphate isomerase deficiency: congenital, 135

U

Ultrasound: for periventricular haemorrhage (Letter to the Editor), 227
Undergraduate teaching: in hospitals (Annotation), 265
Urine collection: untimed; diagnosis of neural crest tumours, 313

V

Vasodilator therapy: neonatal; impaired myocardial performance, 117
Vasodilator: Tolazoline; complications, 221
Virus: antiviral therapy (Annotation), 87
hepatitis B (Review), 273
respiratory syncytial virus (Invited Review), 77
Vitamin A status: in aetiology of respiratory proneness, 95

W

Weight-for-height: social standards of, 121
Western Australia: hospitalization of Aboriginals, 27

X

Xylose test: for gastrointestinal milk hypersensitivity, 37
